Details

Ideal for small businesses hosting an online store, internet developers, and hosting companies. Full root access, you're able to install advanced software and completely customize virtually anything as if your VPS were a dedicated server without the costs and headaches.

Though this is not a "managed" VPS product by default (VPS Option for Fully Managed VPS is available), Network Presence SysAdmins are available for 1 hour / month of phone, Skype or IM contact and on-server systems administration work.

Get SSD disk storage via the **VPS Options** above.
